

Utila Dive Center 2025 Instructor Development Course and Instructor Examination Schedule

Our 2025 PADI Instructor Development Schedule below outlines the key dates for our IDC (Instructor Development Course), the PADI Instructor Examinations—completed right here on the island—and the MSDT Specialty Instructor Module and Optional Internship. As the most comprehensive program in the Americas, we provide ample time and training to ensure you enter the Instructor Examinations with complete confidence in your abilities.

We also recommend arriving a week early to take advantage of our informal preparation program, included at no additional cost. This extra time allows you to get settled and sharpen your skills before the official course begins.

IDC 2025 DATES

	Complete IDC	Instructor Examination Dates	MSDT Specialty Instructor Module	MSDT Internship
